## **FAQs**

### **Is this gel suitable for use around the eyes?**

Our recommendation would always be to use our Silk Eye Gel. The eye area is three to four times thinner than other areas of the face and is thus more vulnerable to the signs of age and environmental damage. Silk Eye Gel is rich in Manuka Honey. It helps nourish the delicate skin around the eyes and restore elasticity.

### **Are Madeleine Ritchie products suitable for sensitive skin?**

Our whole range of Madeleine Ritchie skin crème is suitable for all skin types but it is especially effective for skin that is sensitive. The natural extracts used in Madeleine Ritchie skincare being concentrated and totally free of chemical additives, are very appropriate for sensitive skins. Many of our customers have found they are the only products that suit their sensitive skin.

### **What is the history of the Madeleine Ritchie range you sell?**
