This crème is a powerful product for healing and moisturisation and is an intensive treatment crème for sensitive and dry skin. It is rich in Active Manuka Honey and Propolis and is very beneficial in treating eczema, dermatitis and other persistent skin problems.

More

Skin Health Crème has been specially developed for sensitive skin and persistent problems such as eczema, dermatitis, psoriasis, acne and dry skin.

It is a powerful treatment crème that heals and improves skin condition and is the ultimate crème to repair, soften and moisturise the skin. It protects, perfects and moisturises all in one easy-to-use product.

Key ingredients and essential oils: New Zealand Active Manuka Honey, Bio Grade New Zealand Clover Honey and Bee Propolis renowned for their healing, antibiotic and antiseptic qualities, Cera Alba (Beeswax), Oenothera Biennis (Evening Primrose) Oil and Calendula (Calendula Officinalis) Flower Extract.

- An excellent general purpose crème
- Problem area is targeted giving maximum antioxidant impact
- Not tested on animals
- Fragrance free

The 18+ active manuka honey (on a scale of 0 to 20) used in the formulation of this special crème indicates an independent laboratory tested level of antibacterial activity in the manuka honey.

Natural Luxury Honey Skincare - Produced in New Zealand

Usage

Apply morning and night or whenever necessary. A natural, luxury honey skincare crème.

Extra hydrating ingredients include Beeswax and Evening Primrose oil to form a powerful healing crème that can distribute moisture uniformly and can target special areas in need of conditioning.

We always recommend you patch test a small amount on the inside of your wrist for several days before you use it on your face. If you have any redness, itching or irritation, it may indicate an allergy and you should discontinue use and seek assistance of a qualified health practitioner.

FAQs

What do you recommend for Eczema and Dermatitis?

We recommend the 16+ Active Manuka Honey crème (Skin Care Crème) for general Eczema. The 18+ Active Manuka Honey & Propolis crème (Skin Health Crème) is best for severe Eczema, Dermatitis and Psoriasis.

Are Madeleine Ritchie products suitable for sensitive skin?

Our whole range of Madeleine Ritchie skin crème is suitable for all skin types but it is especially effective for skin that is sensitive. The natural extracts used in Madeleine Ritchie skincare being concentrated and totally free of chemical additives, are very appropriate for sensitive skins. Many of our customers have found they are the only products that suit their sensitive skin.

What is the history of the Madeleine Ritchie range you sell?

Founded in 1963, Madeleine Ritchie skincare has become one of the world's leading natural skincare brands. The company traces its proud heritage to the European Spa town of Royal Tunbridge Wells in Kent, England. Madeleine continued the development of the products in Auckland, New Zealand in 1982 sourcing all local ingredients.

Madeleine Ritchie skincare is an innovative company having created the world's first honey skincare products and pioneered the development of the world's first active Manuka Honey skincare.
